

COPPER BONDED EARTH RODS & ACCESSORIES CATALOUGE MANUFACTURERS & EXPORTER

Amiable Impex

understands your values

AMIABLE IMPEX is a Manufacturer of Copper Bonded Rod also known as Copper Bonded Ground Rod or Copper Bonded Earth Rod. We are the Specialist for Copper Bonded Rod manufactures from 15 Microns to 250 microns.

Our Firm AMIABLE IMPEX, Manufacturer & Exporter of Copper Bonded Ground Rod is well established organization in India and overseas market and deals in products, namely-

- 1) Copper Bonded Earth Rod (Manufacturer)
- 2) Copper Braid, Laminated Copper Flexible, Other Copper Product etc. (Manufacturer)
- 3) Exothermic Weld (Supplier)

We have earned good reputation amongst our international customers with our **Quality Assurance, On time delivery and High Customer Satisfaction**. To ensure consistent product quality, we work within a quality system that is approved with **ISO 9001 - 2008** certification and our Ground Rod and Exothermic Weld is also **Certified by CPRI - Govt. Certified for Short Circuit Current Testing** and we are **Crisil Verified Company**. Strict quality checks are carried out at different stages of manufacturing and only that material which passes stringent norms finds its way in the market around the globe.

Our vision

The four pillars of our vision set out the long term direction for the company where we want to go and how we are going to get there:

- We work to create a better future everyday.
- We help our customers feel good, have good and get more out of life with our brands and services that are good for them and good for others.
- Whilst the company has ambitious plans for the future for its product range and its manufacturing abilities, our greatest objective will always be to maintain the highest level of quality assurance & service to the customer.
- We will develop new ways of doing business with the aim of doubling the size of our company while reducing our environmental impact.

We always believe in the power of our brands to improve the quality of people's lives and in doing the right thing.

Some of our Esteemed Customers

The secret of our success is sincerity and the passion towards everyone we work with, the communities we touch, and the environment on which we have an impact.
"We understand our Customers Values"

COPPER BONDED GROUNDING ROD / EARTH ROD

Copper bonded earth rods are made from low carbon Steel.

Earth Rods are molecularly bonded with 99.9% pure electrolytic copper.

Salient Features-

- *Perfectly Bonded rod will last longer, drive easier and will not crack.
- *Corrosion resistance while providing the lowest resistance to ground.
- *Threads are rolled by roll threading process, which ensures that even copper covering is maintained, even at the root of the thread. Roll thread gives greater strength than cut thread.
- *Thread rolling process raises the surface of the rod, so that thread dia. (T) is greater than shank dia. (S). As seen in figure-

Dimension Rod Size (DIA x LENGTH)	Actual Rod Dia. "S"	Thread Dia. "T"	Product Code Copper Bonded	Product Code Solid Bonded
9.5x1200(UN-THREADED)	9.5	-	E01-CBR --012	E01-SBR --012

ROD Dia "S"

Thread Dia "T"

*Above Rod can also be made as per customer specification in any Rod Diameter in any Micron.

COUPLER

Material-Copper Alloy

Coupler are made from copper alloy & counter bored to completely enclose threads, protecting them from damage & corrosion.

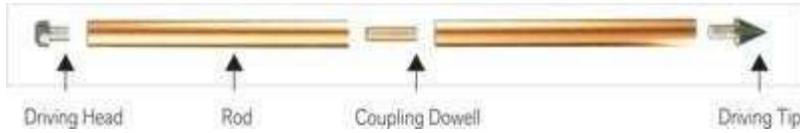

Size	Product Code	Product Code AL.BRONZE
14mm	E15-COB-14	E15-COAB-14
5/8" or 16mm	E15-COB-16	E15-COAB-16
3/4" or 19mm	E15-COB-19	E15-COAB-19

SOLID COPPER ROD

Solid copper earth rods are made from 99.9% pure electrolytic Copper. Solid Copper rods offer greater resistance to corrosion. They are ideally used in applications where soil conditions are very aggressive. For E.g. Soil with high salt content

GALVANISED STEEL EARTH ROD

Galvanised Steel Earth Rods are made up of high Strength low carbon steel and hot dip galvanized. This design of the rod is actually cost effective option for earthing.

*Above rod can also be supplied as per customer specification.

Rod Size "S"	Length	Product Code
1/2"/12.5mm	1500(5ft)	E18-GSER-1215

FITTINGS

Copper alloy clamps are made from Bronze / Gunmetal / High Strength Copper Alloy body which give strong resistance to corrosion.

Following are the range of clamps we offer- Fasteners are made from high strength Copper Alloy / Steel / StainlessSteel.

Earth Rod Clamp - (A Clamp Small) Suitable For Rod Dia. 12mm

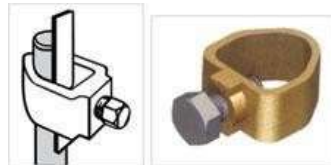

Product Code-E04-ERC -1

Size	MaxCond. Size	Product Code
5/8"/16	35	E04-OC-1
5/8"/16	70	E04-OC-2

1"/25mm	70-185	E05-URCCS-5

UBoltForRigidPipe&Cables-„PUB“

These U Bolts are used for universal parallel or 90degreecableconnection to rod or pipe

Nominal RodDia.	Product Code
3/8"	E05-URP-38
1/2"	E05-URP-12
3/4"	E05-URP-34
1-1/2"	E05-URP-112
2"	E05-URP-2

STAINLESS STEEL UNTHREADED ROD

Stainless steel ground rods are used to overcome many of the problems caused by galvanic corrosion which can take place between dissimilar metals buried in close proximity. Other advantage of stainless steel rod is that they are highly resistant to corrosion and much more anodic than copper.

*Stainless Steel Rod can also be supplied in Internally Threaded.

Diameter		Length		Packing	Product Code
Inches	MM	Feet	M		
5/8"	14.2	5"	1.5	10	E19-SSR -145
